### *Our Story*

Our mission is to mentor small and startups businesses, building key relationship, and grow our companies within our community.

The Family is made up of many different businesses in Gwinnett County. We are focused on helping companies grow by offering mentorship programs, business opportunities through government contracts assistance and strategic marketing assistance. Founded in 2012 by Ann LaFavor The Family has built a growing network of business professionals in Gwinnett County by attending many networking events and key important business trips. Once a year, our main event is our Black History Celebration every February.

Today, many of the startups that The Family helped grow, are realizing their dream of business success. The Family has helped many businesses brand, network and find new business opportunities. All business owners are welcome to meet with us to grow and develop!
